## FROM AN ARTIST'S SIGNATURE TO THE ART OF BEAUTIFUL WRITING

In that area of emotions where writing and images fuse together, the grace of a curving line, the energy in the stroke of a pen and the depth of a rich colour are among the elements that led Caran d'Ache to develop its passion for fine writing. Since 1915, steeped in the great traditions of Swiss Manufacturing, the company has created writing instruments and a palette of colours, that are universally recognised symbols of excellence.

These reliable, precise and precious objects have acquired an international reputation for combining creativity and distinction with the use of noble materials.

To continue this policy, our Geneva workshops carefully preserve their independent spirit and their commitment to authenticity and ethical production.

## MANUFACTURED IN GENEVA WORKSHOPS

Caran d'Ache draws on a priceless heritage of technical expertise to preserve the art of handwriting. The company's writing instruments, globally recognised for their excellence, are entirely produced in Geneva. In the secret of their workshops, Caran d'Ache craftsmen boldly combine expertise and aesthetics in the great Swiss Made tradition. To create these emotive objects, which are also feats of technology, they offer original materials and perfect forms, giving writing an innate sense of refinement.

## CARAN D'ACHE, IN LOVE WITH COLOUR

The play of light on the material... its soft, velvety texture... the precious pigments brought from mysterious places... There has been a genuine love of colours, and the traditions of manufacturing them, in our Geneva workshops ever since our first pencil was produced nearby in 1915.

The fine, smooth leads, the subtly transparent watercolours and the brilliant, deep, light-resistant paints have been developed for creative professionals as well as amateur artists. They all reflect Caran d'Ache's exceptional Swiss Made quality and love of its craft.

As a Maison de Haute Ecriture, we respect nature as well as people. The premium-quality cedar used in our pencils is certified FSC, and our production of leads, pastels and paints carefully follows the principles of sustainable development.

---

## THE ART OF BEAUTIFUL WRITING

---

Just as the art of writing brings together characters, gestures and traditions, Caran d'Ache writing instruments represent refinement, creativity and expertise, all expressed with Swiss Made excellence.

For a century, Caran d'Ache collections have reflected the passion and the subtlety of fine writing. They are jewels of technology with inspired designs; emblems of excellence enhanced by rare and noble materials.

Lacquered, guilloché or polished bodies feel superb in the hand; rhodium-coated nibs or long-life tungsten Ballpoint pens provide a great writing touch; contemporary or classic designs create a seductive visual appeal. Caran d'Ache writing instruments are treasures for all those who appreciate genuine distinction.

# EXPERTISE

---

---

## THE ARTISTIC CRAFTS

### ENGRAVING

The fine engraving that characterises Caran d'Ache writing instruments is the product of patient, meticulous work. The company's innovative techniques of milling and engraving with lasers or diamonds make it possible to produce a large variety of outlines and reliefs that bring a design to life by creating a delicate play of light and shadow. Whether it is guillochage or personalised engraving, each piece receives the same attention to detail, making the finished instrument a treasure of refinement.

### POLISHING

A soft touch, comfortable writing and perfect design... sometimes sparkling, sometimes matt, each part of these Caran d'Ache products is carefully worked. All the writing instruments finished in precious materials are polished, which is also a very important operation when applying lacquer or Chinese lacquer.

### THE UNIQUE EXPERTISE OF THE LACQUER MASTER

A finish that requires exceptional precision, lacquer gloriously enhances a writing instrument with an incomparable brilliance and its large palette of tints that Caran d'Ache is constantly extending. Because preparing and applying lacquer requires such extraordinary skill, the work of the lacquer master is uniquely valuable. It demonstrates the company's commitment to authenticity and excellence in every product it creates.

### JEWELLERY

Setting diamonds, rubies, sapphires, emeralds, and engraving initials, a name, or even a short message... Caran d'Ache offers all lovers of rare objects the possibility of personalising their writing instrument. If they wish, they can choose the precious stones which will then be set by a Geneva jeweller. Each personalised writing instrument is numbered, engraved and accompanied by a certificate. Gemstones used by Caran d'Ache are from controlled, ethical sources, are not involved in the financing of armed conflicts and conform to United Nations resolutions.

---

# NOBLE MATERIALS

---

## PRECIOUS METALS: SILVER, RHODIUM, PLATINUM

Caran d'Ache creations in silver or solid gold are systematically controlled by the Central Office for Precious Metals Control and are certified with its seal. Gold is the metal used in the most beautiful work produced by Caran d'Ache craftsmen. Like real goldsmiths, they sculpt it, decorate it, engrave it and polish it. But Caran d'Ache also explores other horizons with rhodium, the metal in the platinum family whose hardness and rarity make it twice as expensive as gold. Extremely strong, it enables writing instruments to keep their brilliance over the years, protecting them from corrosion and rust, as well as abrasion and tarnishing. Rare, pure and inert, rhodium is the most exclusive of the precious metals used by the company.

## CHINESE LACQUER

A natural, living product derived from the sap of the Rhus Verniciflua tree, Chinese lacquer regularly inspires the most beautiful Caran d'Ache creations. Using traditional expertise inherited from the great oriental masters, the company is one of the very few in the world to have the secret... and the patience. The multiple coats of lacquer are applied over a period of twelve days. Chinese lacquer, which may be natural colour or tinted with pigments of blue, black or red, embellishes lighters and writing instruments in the Varius and Hexagonal collections as well as the Limited Editions.

## CARBON FIBRE

Carbon fibre is the epitome of a modern material. Its lightness and outstanding rigidity give it an immediate appeal and Caran d'Ache uses it to create a new, high-tech interpretation of tradition. Removed from its normal environment of top-level sports, and linked with silver-plated elements, carbon fibre brings power and strength to the Varius line.

## COAT OF MAIL

In its innovative use of coat of mail, Caran d'Ache has made the most of this legendary material that once protected medieval knights. Its woven links of stainless steel create a very pleasant texture in the writer's hand. Coat of mail even comes in a gold-plated version.

## GENUINE RUBBER

This material has a strong character and contemporary, urban elegance. Its inclusion in the Varius design promises an eminently masculine stroke. The brilliant rhodium contrasts with the soft matte rubber allowing the Rubracer to meet the demands and requirements of today's men. A screw inserted in the body of the pen, the newly articulated clip on the cap, and the broader nib confirm the Varius collection's energy and modernity.

## CERAMIC

For the past few years, high-tech ceramic has been employed in the production of watchcases. This material is highly valued by the watchmakers for its lightness, its resistance to scratches and its silky touch. When associated with metal, ceramic offers a subtle contrast of materials and an elegant lighting effect.

## EBONY WOOD

Originating from the Asian and African rainforests, ebony is highly valued by artisans for its deep black colour and delicate feel. This wood remains the ultimate choice when creating stylish objects, art furniture and musical instruments. Caran d'Ache craftsmen magnify this noble wood with rose gold, revealing its subtle and precious grains, in the Varius collection.

---

## VARIUS

---

An accomplished form and hexagonal body with a unique feel... Caran d'Ache's iconic Varius collection is the result of our passionate work with materials ; Chinese lacquer, carbon fibre, chain mail, ceramic and more recently genuine rubber and ebony wood echo the precious coating of this writing instrument. A rare conjunction of striking design and superb writing comfort, Varius is the only collection to offer fountain pen nibs in six widths, turning the art of handwriting into a daily pleasure.

## LÉMAN

---

An expert in colours and media dedicated to the fine arts, Caran d'Ache also calls on all its talent to design writing instruments in exceptional colours. Since 1998, the Léman collection has embodied the wealth of chromatic variations illuminating the shores of the lake so dear to the inhabitants of Geneva. A veritable homage to the most beautiful shades that nature has to offer, the Léman collection combines stunningly coloured varnishes with the brilliance of precious metals. Hand polished by the company's craftsmen, these writing instruments can also be enhanced through traditional guillochage and lacquering know-how, offering an explosion of shades and curves.

LÉMAN GRAND BLEU  
SILVER-PLATED, RHODIUM-COATED FINISH

**FOUNTAIN PEN / M - 4799.168**

Nib sizes: B - 178 / F - 158 / BB - 188  
Nib: 18 carat gold, rhodium-coated  
Fountain pen - piston ink pump or ink cartridge

## RNX.316

---

When Fine Writing instruments adopt high technology the result is the birth of a unique collection: RNX.316.

In its name, RNX indicates its combination of two body shapes: Round aNd heXagonal. These are emblematic of the Caran d'Ache collections - easy to hold in the fingers for precise control of handwriting - in a new design that is immediately appealing. 316 refers to its stainless steel, a strong corrosion-resistant material that is enhanced by a pure, polished finish to give the Fine Writing instrument an elegance that will last a lifetime.

The RNX.316 incorporates the latest technical developments in Caran d'Ache expertise, making it one of the most distinctly modern of all writing instruments.

**RNX.316 PVD BLACK VERSION**  
BLACK PVD FINISH

**FOUNTAIN PEN / M-4590.080**

Nib sizes : B - .090 / F - .070

## MADISON

---

Because the most effective icons are those that adapt to changing times, Caran d'Ache has carefully revisited one of its most famous collections, introduced in the 1970s. The elegant Madison retains its slender rounded body but has been given a jointed clip. A mechanism specifically developed for this new generation allows the ink cartridge or pencil lead to be removed with a simple press of a button. This timeless collection is now available in several versions – silvered with rhodium coating, gold-plated, or bicolour. It is a true classic, rooted in its time.

MADISON CISELE  
SILVER-PLATED, RHODIUM-COATED FINISH

## ECRIDOR

---

Since the 1930s, the Ecridor writing instruments have been emblematic of the precious know-how of Caran d'Ache. Their sober and elegant hexagonal design is inspired by the shape of the pencils so dear to the Geneva-based company. The play of light and sparkle created by the perfect geometry of the symbols, so intense and inspiring, reflects the expertise of the master guillocheurs and polishers who give free rein to their talent. Whatever the metal covering the brass body and whatever the form (fountain pen, roller pen, ballpoint pen or mechanical pencil) and finely-engraved pattern on the instrument, there is an Ecridor to inspire each and every one of you.

ECRIDOR **HERITAGE**  
PALLADIUM FINISH

American Walnut, Lati Gris  
Ring: palladium, interchangeable  
Pencil Box: American Walnut,  
magnetic closure system

---

## REFILLS

---

Writing comfort also applies to refills and particularly to the quality of the inks chosen by Caran d'Ache. A strict flow control ensures smooth, even handwriting with clean lines, in a large range of colours, over a long period. It is a technology that meets the very highest quality standards – the only standards recognised at Caran d'Ache.

### FOUNTAIN PENS

To satisfy the writing preferences of as many people as possible, Caran d'Ache fountain pens can be fitted with a piston ink pump or can accept ink cartridges.

### ROLLER PENS

Roller pen refills are produced in a similar way to the Goliath cartridge but contain a more fluid ink. The result is a level of writing comfort that is almost identical to a fountain pen. Roller pens can also accept fibre tip cartridges available in medium and fine sizes.

### BALLPOINT PENS

Caran d'Ache Ballpoint pens are also carefully designed to provide great writing comfort. They are fitted with the famous Goliath giant cartridge that has the writing capacity to cover 600 A4 pages! To make it a particularly easy refill to use, the ball is fitted into its seat with great precision and its stainless steel and tungsten carbide composition enables it to lay down intense, regular lines on the paper. It is available in three writing widths: fine medium and large.

### MECHANICAL PENCILS

Caran d'Ache expertise extends to mechanical pencils. They take leads of 0.5 mm or 0.7 mm which are advanced by a push button that is particularly easy to operate. Since the company is very familiar with the needs of artists, they are not forgotten: a choice of 2 mm coloured leads is available for them.

---

# CHROMATICS

---

Within each new Caran d'Ache ink lies the expertise of a unique savoir-faire: the science of colours.

Vibrant. Deep. Powerful. Sustained. From a bursting red to a radiant purple, from an empyreal turquoise to a fiery orange, Chromatics INKredible Colors impose their noble marks across the entire spectrum of light.

Every inkwell is a prism, playing with the reflections of the light and intensifying the colour that it holds inside. Each personality submits to the caprices of evocative names that entice one inescapably away to voyage and discovery. Beyond their colours, the characters assert themselves through to the tip of the pen, and breathe life into the very page.

The Art of Fine Penmanship is adorned in a colourful finery that vivifies the most beautiful pieces of written work.

## SERVICES

---

Joining the world of Caran d'Ache means choosing to provide guaranteed high-quality service – an undertaking that our company has met every day for a century. Following up each order, and welcoming and listening to each customer are both particularly important.

The expertise inherent in Caran d'Ache products is matched by a range of services that are committed to achieving the highest standards of perfection. Engraving and personalisation, meticulous packaging, an international guarantee, a user instruction manual stamped at the time of purchase, and after-sales service all demonstrate the determination of Caran d'Ache to deliver customer satisfaction through a very selective international network of retailers.

---

## PERSONAL ENGRAVING

---

Many Caran d'Ache writing instruments can be engraved on request to one of the brand's authorised retailers. The company's craftsmen are careful to create a space reserved for personalised engraving on the side opposite the clip. Here the customer can be very imaginative: a name, a date, or a short message make the writing instrument a highly personal object, unique and unmistakable.

---

## CORPORATE GIFTS

---

The name itself represents a prestigious, educational world and is now a synonym for excellence and creativity. More than simply a brand, the Swiss company has imposed its own style: a "Maison de Haute Ecriture".

With more than 200 writing instruments for both top-of-the-range luxury market and for the office, Caran d'Ache can propose many personalised gifts which are sure to capture attention. If you wish to thank your clients and keep their loyalty, or invigorate your sales team, have a look through our special catalogue and ask us for a quotation.
