LA MAISON CARAN D'ACHE

FROM AN ARTIST'S SIGNATURE TO THE ART OF BEAUTIFUL WRITING

In that area of emotions where writing and images fuse together, the grace of a curving line, the energy in the stroke of a pen and the depth of a rich colour are among the elements that led Caran d'Ache to develop its passion for fine writing. Since 1915, steeped in the great traditions of Swiss Manufacturing, the company has created writing instruments, and a palette of colours, that are universally recognised symbols of excellence.

These reliable, precise and precious objects have acquired an international reputation for combining creativity and distinction with the use of noble materials.

To continue this policy, our Geneva workshops carefully preserve their independent spirit and their commitment to authenticity and ethical production.

MANUFACTURED IN GENEVA WORKSHOPS

Caran d'Ache draws on a priceless heritage of technical expertise to preserve the art of handwriting. The company's writing instruments, globally recognised for their excellence, are entirely produced in Geneva. In the secret of their workshops, Caran d'Ache craftsmen boldly combine expertise and aesthetics in the great Swiss Made tradition. To create these emotive objects, which are also feats of technology, they offer original materials and perfect forms, giving writing an innate sense of refinement.

CARAN D'ACHE, IN LOVE WITH COLOUR

The play of light on the material... its soft, velvety texture... the precious pigments brought from mysterious places... There has been a genuine love of colours, and the traditions of manufacturing them, in our Geneva workshops ever since our first pencil was produced nearby in 1915.

The fine, smooth leads, the subtly transparent watercolours and the brilliant, deep, light-resistant paints have been developed for creative professionals as well as amateur artists. They all reflect Caran d'Ache's exceptional Swiss Made quality and love of its craft.

As a Maison de Haute Ecriture, we respect nature as well as people. The premium-quality cedar used in our pencils is certified FSC, and our production of leads, pastels and paints carefully follows the principles of sustainable development.

THE ART OF BEAUTIFUL WRITING

Just as the art of writing brings together characters, gestures and traditions, Caran d'Ache writing instruments represent refinement, creativity and expertise, all expressed with Swiss Made excellence.

For a century, Caran d'Ache collections have reflected the passion and the subtlety of fine writing. They are jewels of technology with inspired designs; emblems of excellence enhanced by rare and noble materials.

Lacquered, guilloched or polished bodies feel superb in the hand; rhodium-coated nibs or long-life tungsten ballpoints provide a great writing touch; contemporary or classic designs create a seductive visual appeal. Caran d'Ache writing instruments are treasures for all those who appreciate genuine distinction.

EXPERTISE

THE ARTISTIC CRAFTS

ENGRAVING

The fine engraving that characterises Caran d'Ache writing instruments is the product of patient, meticulous work. The company's innovative techniques of milling and engraving with lasers or diamonds make it possible to produce a large variety of outlines and reliefs that bring a design to life by creating a delicate play of light and shadow. Whether it is guillochage or personalised engraving, each piece receives the same attention to detail, making the finished instrument a treasure of refinement.

POLISHING

A soft touch, comfortable writing and perfect design... sometimes sparkling, sometimes matt, each part of these Caran d'Ache products is carefully worked. All the writing instruments finished in precious materials are polished, which is also a very important operation when applying lacquer or Chinese lacquer.

THE UNIQUE EXPERTISE OF THE LACQUER MASTER

A finish that requires exceptional precision, lacquer gloriously enhances a writing instrument with an incomparable brilliance and its large palette of tints that Caran d'Ache is constantly extending. Because preparing and applying lacquer requires such extraordinary skill, the work of the lacquer master is uniquely valuable. It demonstrates the company's commitment to authenticity and excellence in every product it creates.

JEWELLERY

Setting diamonds, rubies, sapphires, emeralds, and engraving initials, a name, or even a short message... Caran d'Ache offers all lovers of rare objects the possibility of personalising their writing instrument. If they wish, they can choose the precious stones which will then be set by a Geneva jeweller. Each personalised writing instrument is numbered, engraved and accompanied by a certificate. Gemstones used by Caran d'Ache are from controlled, ethical sources, are not involved in the financing of armed conflicts and conform to United Nations resolutions.

NOBLE MATERIALS

PRECIOUS METALS: SILVER, RHODIUM, PLATINUM, PALLADIUM

Caran d'Ache creations in silver or solid gold are systematically controlled by the Federal Office of Metals and are certified with its seal. Gold is the metal used in the most beautiful work produced by Caran d'Ache craftsmen. Like real goldsmiths, they sculpt it, decorate it, engrave it and polish it.

But Caran d'Ache also explores other horizons with rhodium, the metal in the platinum family whose hardness and rarity make it twice as expensive as gold. Extremely strong, it enables writing instruments to keep their brilliance over the years, protecting them from corrosion and rust, as well as abrasion and tarnishing. Rare, pure and inert, rhodium is the most exclusive of the precious metals used by the company.

CHINESE LACQUER

A natural, living product derived from the sap of the Rhus Verniciflua tree, Chinese lacquer regularly inspires the most beautiful Caran d'Ache creations. Using traditional expertise inherited from the great oriental masters, the company is one of the very few in the world to have the secret... and the patience. The multiple coats of lacquer are applied over a period of twelve days. Chinese lacquer, which may be natural colour or tinted with pigments of blue, black or red, embellishes lighters and writing instruments in the Varius collections as well as the Limited Editions.

VARIUS

An accomplished form and hexagonal body with a unique feel... Caran d'Ache's iconic Varius collection is the result of our passionate work with materials ; Chinese lacquer, carbon fibre, chain mail, ceramic and more recently genuine rubber and ebony wood echo the precious coating of this writing instrument. A rare conjunction of striking design and superb writing comfort, Varius is the only collection to offer fountain pen nibs in six widths, turning the art of handwriting into a daily pleasure.

- Four writing instruments:
Fountain pen, roller pen, ballpoint pen, mechanical pencil
- Brass body finished in various materials
- Flexible clip
- Silver, rhodium, gold plated and rose gold plated attributes
- 18 carat gold nib available in six distinct widths : EF, F, M, B, OM, OB
(BB nib available upon request)
- International lifetime guarantee
- Made in Switzerland

VARIUS EBONY
ROSE-GOLD PLATED FINISH

FOUNTAIN PEN / M - 4490.142

Nib sizes: B -.152 / F -.132 / EF -.122 / OM -.112 / OB -.102
 Nib: 18 carat gold, rose-gold plated
 Fountain pen – piston ink pump or ink cartridge
 Cap: screw
 Refills: Ink and cartridges Chromatics Collection (p. 93-97)

EBONY WOOD

Originating from the Asian and African rainforests, ebony is highly valued by artisans for its deep black colour and delicate feel. Caran d'Ache craftsmen magnify this noble wood with rose gold, revealing its subtle and precious grains.

VARIUS EBONY
ROSE-GOLD PLATED FINISH

ROLLER PEN / 4470.142

Roller pen – ink cartridge
 Cap: screw
 Refills: Roller cartridge, fine, blue or black (p. 98)

VARIUS EBONY
ROSE-GOLD PLATED FINISH

BALLPOINT PEN / 4480.142

Ballpoint pen – ink cartridge
 Mechanism: push button
 Refills: Goliath cartridge, large, medium or fine (p. 98)

VARIUS EBONY
ROSE-GOLD PLATED FINISH

MECHANICAL PENCIL / 4460.142

Mechanical pencil – 0.7 mm lead
 Mechanism: push button
 Refills: 0.7 mm graphite leads, HB or B and replacement erasers (p. 99)

VARIUS CHINABLACK
SILVER-PLATED, RHODIUM-COATED FINISH

FOUNTAIN PEN / M-4490.020

Nib sizes: B - .030 / F - .010 / EF - .990 / OM - .980 / OB - .970
 Nib: 18 carat gold, rhodium-coated
 Fountain pen – piston ink pump or ink cartridge
 Cap: screw
 Refills: Ink and cartridges Chromatics Collection (p. 93-97)

VARIUS CHINABLACK

BALLPOINT PEN / 4480.020

Ballpoint pen – ink cartridge
 Mechanism: push button
 Refills: Goliath cartridge, large, medium or fine (p. 98)

VARIUS CHINABLACK
SILVER-PLATED, RHODIUM-COATED FINISH

MECHANICAL PENCIL / 4460.020

Mechanical pencil – 0.7 mm lead
 Mechanism: push button
 Refills: 0.7 mm graphite leads, HB or B and replacement erasers (p. 99)

CHINESE LACQUER

Caran d'Ache is proud to be one of the very few Western manufacturers of writing instruments to use this wonderful material. Chinese lacquer gives a magnificent finish to lighters and writing instruments in the Varius collection as well as some limited editions. This natural product is derived from the sap of the "Rhus Verniciflua" tree. Caran d'Ache's craftsmen have been inspired by the highly complex art of preparing and applying it in the manner of the great Eastern masters.

VARIUS CHINABLACK
GOLD-PLATED FINISH

FOUNTAIN PEN / M-4490.018
 Nib sizes: B - .028 F - .008 EF - .998 OM - .988 OB - .978
 Nib: 18 carat gold
 Fountain pen – piston ink pump or ink cartridge
 Cap: screw
 Refills: Ink and cartridges Chromatics Collection (p. 93-97)

 Refills: 0.7 mm graphite leads, HB or B and replacement erasers (p. 99)

VARIUS RUBRACER
SILVER-PLATED, RHODIUM-COATED FINISH

FOUNTAIN PEN / M-4490.085

Nib sizes: B - .095 / F - .075 / EF .065 / OM .055 / OB .045 / BB .105
 Nib: 18 carat gold, rhodium-coated
 Fountain pen – piston ink pump or ink cartridge
 Cap: screw
 Refills: Ink and cartridges Chromatics Collection (p. 93-97)

GENUINE RUBBER

This material has a strong character and contemporary, urban elegance. Its inclusion in the Varius design promises an eminently masculine stroke. The brilliant rhodium contrasts with the soft matte rubber allowing the Rubracer to meet the demands and requirements of today's men. A screw inserted in the body of the pen, the newly articulated clip on the cap, and the broader nib confirm the Varius collection's energy and modernity.

VARIUS RUBRACER
SILVER-PLATED, RHODIUM-COATED FINISH

ROLLER PEN / 4470.085

Roller pen – ink cartridge
 Cap: screw
 Refills: Roller cartridge, fine, blue or black (p. 98)

Mechanical pencil – 0.7 mm lead
 Mechanism: push button
 Refills: 0.7 mm graphite leads, HB or B and replacement erasers (p. 99)

VARIUS CARBON
SILVER-PLATED, RHODIUM-COATED FINISH

FOUNTAIN PEN / M-4490.017

Nib sizes: B - .027 / F - .007 / EF - .997 / OM - .987 / OB - .977

Nib: 18 carat gold, rhodium-coated

Fountain pen – piston ink pump or ink cartridge

Cap: screw

Refills: Ink and cartridges Chromatics Collection (p. 93-97)

VARIUS CARBON
SILVER-PLATED, RHODIUM-COATED FINISH

ROLLER PEN / 4470.017

Roller pen – ink cartridge

Cap: screw

Refills: Roller cartridge, fine, blue or black (p. 98)

VARIUS CARBON
SILVER-PLATED, RHODIUM-COATED FINISH

BALLPOINT PEN / 4480.017

Ballpoint pen – ink cartridge

Mechanism: push button

Refills: Goliath cartridge, large, medium or fine (p. 98)

VARIUS CARBON
SILVER-PLATED, RHODIUM-COATED FINISH

MECHANICAL PENCIL / 4460.017

Mechanical pencil – 0.7 mm lead

Mechanism: push button

Refills: 0.7 mm graphite leads, HB or B and replacement erasers (p. 99)

CARBON FIBRE

Carbon fibre is the epitome of a modern material. Its lightness and outstanding rigidity give it an immediate appeal and Caran d'Ache uses it to create a new, high-tech interpretation of tradition. Removed from its normal environment of top-level sports, and linked with silver-plated and rhodium-coated elements, carbon fibre brings power and strength to the Varius line.

VARIUS CERAMIC BLACK
SILVER-PLATED, RHODIUM-COATED FINISH

FOUNTAIN PEN / M-4490.109

Nib sizes: B - .119 / F - .099
 Nib: 18 carat gold, rhodium-coated
 Fountain pen – piston ink pump or ink cartridge
 Cap: screw
 Refills: Ink and cartridges Chromatics Collection (p. 93-97)

CERAMIC

For the past few years, high-tech ceramic has been employed in the production of watchcases. This material is highly valued by the watchmakers for its lightness, its resistance to scratches and its silky touch. When associated with metal, ceramic offers a subtle contrast of materials and an elegant lighting effect.

VARIUS CERAMIC BLACK
SILVER-PLATED, RHODIUM-COATED FINISH

ROLLER PEN / 4470.109

Roller pen – ink cartridge
 Cap: screw
 Refills: Roller cartridge, fine, blue or black (p. 98)

SILVER-PLATED, RHODIUM-COATED FINISH

MECHANICAL PENCIL / 4460.109

Mechanical pencil – 0.7 mm lead
 Mechanism: push button
 Refills: 0.7 mm graphite leads, HB or B and replacement erasers (p. 99)

VARIUS IVANHOE
SILVER-PLATED, RHODIUM-COATED FINISH

FOUNTAIN PEN / M - 4490.014
 Nib sizes: B - .024 / F - .004 / EF - .994 / OM - .984 / OB - .974
 Nib: 18 carat gold, rhodium-coated
 Fountain pen – piston ink pump or ink cartridge
 Cap: screw
 Refills: Ink and cartridges Chromatics Collection (p. 93-97)

COAT OF MAIL

In its innovative use of coat of mail, Caran d'Ache has made the most of this legendary material that once protected medieval knights. Its woven links of stainless steel create a very pleasant texture in the writer's hand. Coat of mail even comes in a gold-plated version.

VARIUS IVANHOE
SILVER-PLATED, RHODIUM-COATED FINISH

ROLLER PEN / 4470.014
 Roller pen – ink cartridge
 Cap: screw
 Refills: Roller cartridge, fine, blue or black (p. 98)

MECHANICAL PENCIL / 4460.082

Mechanical pencil – 0.7 mm lead
 Mechanism: push button
 Refills: 0.7 mm graphite leads, HB or B and replacement erasers (p. 99)

BLACK COAT OF MAIL

The body of the Varius Ivanhoe Black is covered in a micro-woven coat of mail in deep black stainless steel (a Milanese sheath). Using a highly advanced technology, Caran d'Ache craftsmen have treated the steel to receive a black PVD coating that is both strong and beautiful. This process colours the fundamental structure of the steel giving it an extraordinary fineness that will remain eternally unchanged.

LÉMAN

An expert in colours and media dedicated to the fine arts, Caran d'Ache also calls on all its talent to design writing instruments in exceptional colours. Since 1998, the Léman collection has embodied the wealth of chromatic variations illuminating the shores of the lake so dear to the inhabitants of Geneva. A veritable homage to the most beautiful shades that nature has to offer, the Léman collection combines stunningly coloured varnishes with the brilliance of precious metals. Hand polished by the company's craftsmen, these writing instruments can also be enhanced through traditional guillochage and lacquering know-how, offering an explosion of shades and curves.

- Four writing instruments :
fountain pen, roller pen, ballpoint pen, mechanical pencil
- Body and cap made of thick gauge brass in different colours and finishes
- Articulated clip, using a spring mechanism
- Gold-plated or silver-plated, rhodium-coated finishes
- Fountain pen nib in 18 carat gold, in four different widths: F, M, B, BB
- Lifetime international guarantee
- Swiss Made

LÉMAN GRAND BLEU
SILVER-PLATED, RHODIUM-COATED FINISH

FOUNTAIN PEN / M - 4799.168

Nib sizes: B -.178 / F -.158 / BB -.188

Nib: 18 carat gold, rhodium-coated

Fountain pen - piston ink pump or ink cartridge

Cap: screw

Refill: Ink and cartridges Chromatics Collection (p. 93-97)

Underneath a layer of translucent lacquer, reminiscent of the intense blue of the ocean depths, delicate undulating reflections appear on the body of the Léman Grand Bleu.

LÉMAN CAVIAR
SILVER-PLATED, RHODIUM-COATED FINISH

ROLLER PEN / 4779.168

Roller pen - ink cartridge

Cap: screw

Refills: Roller cartridge, fine, blue or black (p. 98)

LÉMAN CAVIAR
SILVER-PLATED, RHODIUM-COATED FINISH

BALLPOINT PEN / 4789.168

Ballpoint pen - cartridge

Mechanism: rotary

Refills: Goliath cartridge, large, medium or fine (p. 98)

LÉMAN CAVIAR
SILVER-PLATED, RHODIUM-COATED FINISH

MECHANICAL PENCIL / 4769.168

Mechanical pencil - 0.7 mm graphite leads

Mechanism: rotary

Refills: 0.7 mm graphite leads, HB or B and replacement erasers (p. 99)

LÉMAN CAVIAR
SILVER-PLATED, RHODIUM-COATED FINISH

FOUNTAIN PEN / M-4799.497

Nib sizes: B -.507 / F -.487 / BB -.517

Nib: 18 carat gold, rhodium-coated

Fountain pen - piston ink pump or ink cartridge

Cap: screw

Refill: Ink and cartridges Chromatics Collection (p. 93-97)

The Léman Caviar, a subtle harmonisation of coating and guilloché techniques, reveals fine engraving beneath a transparent grey varnish, giving rise to some surprising metallised reflections.

LÉMAN CAVIAR
SILVER-PLATED, RHODIUM-COATED FINISH

ROLLER PEN / 4779.497

Roller pen - ink cartridge

Cap: screw

Refills: Roller cartridge, fine, blue or black (p. 98)

LÉMAN CAVIAR
SILVER-PLATED, RHODIUM-COATED FINISH

BALLPOINT PEN / 4789.497

Ballpoint pen - cartridge

Mechanism: rotary

Refills: Goliath cartridge, large, medium or fine (p. 98)

LÉMAN CAVIAR
SILVER-PLATED, RHODIUM-COATED FINISH

MECHANICAL PENCIL / 4769.497

RNX.316

When Fine Writing instruments adopt high technology the result is the birth of a unique collection: RNX.316.

In its name, RNX indicates its combination of two body shapes: Round and hexagonal. These are emblematic of the Caran d'Ache collections – easy to hold in the fingers for precise control of handwriting – in a new design that is immediately appealing.

316 refers to its stainless steel, a strong corrosion-resistant material that is enhanced by a pure, polished finish to give the Fine Writing instrument an elegance that will last a lifetime. The RNX.316 incorporates the latest technical developments in Caran d'Ache expertise, making it one of the most distinctly modern of all writing instruments.

- Six writing instruments: fountain pen, roller pen, ballpoint pen, mechanical pencil, artist mechanical pencil, multifunction
- Body and cap made of steel 316L, polished or black PVD finish
- Flexible clip
- Innovative system for changing the ink cartridge
- Ingenious “click-in” system for closing the pen
- Steel nib coated in black PVD (sizes F, M, B)
- Strong material/contemporary design
- Lifetime international guarantee
- Swiss Made

RNX.316 PVD BLACK VERSION
BLACK PVD FINISH

FOUNTAIN PEN / M-4590.080

Nib sizes: B - .090 / F - .070

Nib: Steel black PVD-coated

Fountain pen – Innovative system for changing the cartridge

Cap: Ingenious "click-in" system for closing the pen

Refills: Ink and cartridges Chromatics Collection (p. 93-97)

316L STAINLESS STEEL

The high-strength, stainless steel of the RNX. 316 collection guarantees that the writing instrument can withstand the stresses of repeated use. Its mechanical properties are complemented by its purity, created by precision polishing that immediately catches the eye. Its hardness produces incomparable writing comfort thanks to a fountain pen nib that is also composed of stainless steel.

BLACK PVD COATING

In the PVD technique, the ceramic is applied by a physical vapor deposition process which gives it optimal adherence; a cutting-edge technique for these pens that, with their laser engraving, demonstrate innovation across the whole line. The stainless steel nib of the fountain pen is also treated by the PVD process which results in remarkable fluidity and writing comfort.

RNX.316 PVD BLACK VERSION
BLACK PVD FINISH

ROLLER PEN / 4570.080

Roller pen – Innovative system for changing the cartridge

Cap: Ingenious "click-in" system for closing the pen

RNX.316 FIBER VERSION
POLISHED STEEL FINISH

FOUNTAIN PEN / M-4590.083

Nib sizes: B - .093 / F - .073

Nib: Steel black PVD-coated

Fountain pen – Innovative system for changing the cartridge

Cap: Ingenious "click-in" system for closing the pen

Refills: Ink and cartridges Chromatics Collection (p. 93-97)

316L STAINLESS STEEL

The high-strength, stainless steel of the RNX. 316 collection guarantees that the writing instrument can withstand the stresses of repeated use. Its mechanical properties are complemented by its purity, created by precision polishing that immediately catches the eye. Its hardness produces incomparable writing comfort thanks to a fountain pen nib that is also composed of stainless steel.

LASER ENGRAVING

Inspired by carbon fibre, the RNX.316 Fiber design weaves and dances whilst laser strength and precision make the engraving sublime. Different shades of colour are created by varying the intensity of the laser beam. Combining technology and design, this writing instrument is finished in polished steel that contrasts with the matte ornamentation. The black, PVD-treated stainless steel nib is available in three different widths. This highly technical design item is confident and modern.

RNX.316 FIBER VERSION
POLISHED STEEL FINISH

ROLLER PEN / 4570.083

Roller pen – Innovative system for changing the cartridge

Cap: Ingenious "click-in" system for closing the pen

Mechanism: push button

Refills: 0.7 mm graphite leads, HB or B and replacement erasers (p. 99)

RNX.316 MULTIFUNCTION

The RNX.316 Multifunction is both an elegant writing instrument and a high-tech tool. It comes equipped with three interchangeable cartridges in blue, black and red thanks to an ingenious twist system. A touch screen stylus is also included, allowing you to move from paper to digital in a single gesture. Stainless steel 316L body with engraving inspired by a pixellated screen.

- 316L stainless steel body
- 3 colour cartridges (blue, black and red)
- Touch screen stylus
- International lifetime guarantee
- Made in Switzerland

RNX.316 **MULTIFUNCTION**

Mechanism: push button

Refills: RNX.316 **MULTIFUNCTION** cartridges in 3 colours (blue, black and red) (p. 98)

MADISON

Because the most effective icons are those that adapt to changing times, Caran d'Ache has carefully revisited one of its most famous collections, introduced in the 1970s. The elegant Madison retains its slender rounded body but has been given a jointed clip. A mechanism specifically developed for this new generation allows the ink cartridge or pencil lead to be removed with a simple press of a button. This timeless collection is now available in several versions – silvered with rhodium coating, gold-plated, or bicolour. It is a true classic, rooted in its time.

- Four writing instruments: fountain pen, roller pen, ballpoint pen, mechanical pencil
- Body and cap made of thin gauge brass, available in different finishes
- Articulated clip, using a spring mechanism
- Gold-plated or silver-plated, rhodium-coated finishes
- Fountain pen nib in 18 carat gold, in three different widths: F, M, B
- Lifetime international guarantee
- Swiss Made

MADISON CISELE
GOLD-PLATED FINISH

Cap: click-in

Refills: Ink and cartridges Chromatics Collection (p. 93-97)

LACQUER

Lacquer is a precious, refined material that requires great care and attention in its application as well as its finishing. Polished repeatedly, it develops all its wonderful shine in the hands of a craftsman.

ECRIDOR

Since the 1930s, the Ecridor writing instruments have been emblematic of the precious know-how of Caran d'Ache. Their sober and elegant hexagonal design is inspired by the shape of the pencils so dear to the Geneva-based company. The play of light and sparkle created by the perfect geometry of the symbols, so intense and inspiring, reflects the expertise of the master guillocheurs and polishers who give free rein to their talent. Whatever the metal covering the brass body and whatever the form (fountain pen, roller pen, ballpoint pen or mechanical pencil) and finely-engraved pattern on the instrument, there is an Ecridor to inspire each and every one of you.

- Four writing instruments:
Fountain pen, roller pen, ballpoint pen, mechanical pencil
- Hexagonal brass body
- Flexible clip
- Silver, rhodium, palladium and gold plated attributes
- Steel nib available in three distinct widths: F, M, B
- International lifetime guarantee
- Made in Switzerland

ECRIDOR GRAIN D'ORGE

Caran d'Ache has revised the Ecridor Grain d'Orge, in a tribute to the traditional craft of guilloche. Its body in solid silver, also called 925 silver, creates deep reflections, making it a truly high-quality writing instrument. The mark "Ag 925", stamped next to the clip, guarantees that the pen has been tested by a Swiss assay office and that the silver meets its strict criteria for fineness and purity.

- One writing instrument: ballpoint pen
- Hexagonal body in solid silver
- Flexible clip
- Lifetime international guarantee
- Swiss made

ECRIDOR **GRAIN D'ORGE**
SOLID SILVER

BALLPOINT PEN / 891.281

Ballpoint pen – ink cartridge

Mechanism: rotary

Refills: Goliath cartridge, large, medium or fine (p. 98)

GRAIN D'ORGE GUILLOCHE

The Grain d'Orge motif is one of the oldest traditional patterns in guilloche. It brings an extra touch of refinement to the Ecridor collection.

ECRIDOR MATCH POINT

The new creation Ecridor Match Point incorporates the world of tennis, celebrating the winning point and the beauty of the player's gesture in hitting the decisive shot. The shape of a net, finely engraved by laser, is revealed on the hexagonal body of the palladium-coated ballpoint pen. In one final allusion to tennis, the tip of the pen is decorated with an elegant tennis ball in relief.

- One writing instrument: ballpoint pen
- Hexagonal body coated in palladium
- Push-button in relief shaped as a tennis ball
- Flexible clip
- Lifetime international guarantee
- Swiss made

ECRIDOR **MATCH POINT**
PALLADIUM FINISH

THE PENCILS OF LA MAISON CARAN D'ACHE

Caran d'Ache regularly introduces new noble materials to create original limited collections of pencils. These exclusive collections invite you to discover new countries through precious and exotic essences of noble woods, highlighting Caran d'Ache creativity in design and the art of writing.

- Certified FSC® (Forest Stewardship Council)
- Certified OLB (Origin and legality of the wood)
- Wood selected to meet strict quality criteria

THE PENCILS OF CARAN D'ACHE
SCENTED EDITION

GRAPHITE PENCILS / 361.414

4 HB graphite pencils
Wood essences: Western Hemlock, White Oak, Silver Teak,
White Ash
Perfume: Tibetan wood

For this new edition, Caran d'Ache is unveiling its scented pencils with "Tibetan wood perfume" revealing notes and essences of patchouli, incense and tonka bean. This unique scent will enchant both amateur and seasoned collectors of rare pencils.

SET PENCIL BOX EDITION N°1

GRAPHITE PENCILS / 361.504

4 HB graphite pencils
Wood essences: Macassar Ebony, Titanium Oak,
American Walnut, Lati Gris
Ring: palladium, interchangeable
Pencil Box: American Walnut, magnetic closure system

The pencils are crowned with an elegant palladium ring that can be personalised. Macassar Ebony, Titanium Oak, American Walnut, Lati Gris... The rare and precious woods of the first edition of Les Crayons de la Maison Caran d'Ache are now available in its Desk Accessories version.

REFILLS

Writing comfort also applies to refills and particularly to the quality of the inks chosen by Caran d'Ache. A strict flow control ensures smooth, even handwriting with clean lines, in a large range of colours, over a long period. It is a technology that meets the very highest quality standards – the only standards recognised at Caran d'Ache.

FOUNTAIN PENS

To satisfy the writing preferences of as many people as possible, Caran d'Ache fountain pens can be fitted with a piston ink pump or can accept ink cartridges.

ROLLER PENS

Roller pen refills are produced in a similar way to the Goliath cartridge but contain a more fluid ink. The result is a level of writing comfort that is almost identical to a fountain pen. Roller pens can also accept fibre tip cartridges available in medium and fine sizes.

BALLPOINT PENS

Caran d'Ache ballpoint pens are also carefully designed to provide great writing comfort. They are fitted with the famous Goliath giant cartridge that has the writing capacity to cover 600 A4 pages! To make it a particularly easy refill to use, the ball is fitted into its seat with great precision and its stainless steel and tungsten carbide composition enables it to lay down intense, regular lines on the paper. It is available in three writing widths: fine, medium and large.

MECHANICAL PENCILS

Caran d'Ache expertise extends to mechanical pencils. They take leads of 0.5 mm or 0.7 mm which are advanced by a push button that is particularly easy to operate. Since the company is very familiar with the needs of artists, they are not forgotten: a choice of 2 mm coloured leads is available for them.

- Ink conforms to ISO 12757-1-2 standards
- Caran d'Ache ballpoint pen cartridges have a stainless-steel tip housing a rotating ball made of tungsten-carbide, a metal alloy as hard as a diamond
- Highly precise assembly of the ball into its seat in order to guarantee regular and smooth writing
- The ink flow of each cartridge is tested before it is approved for sale
- Caran d'Ache leads have a high resistance to breakage and provide smooth writing action

CHROMATICS

Within each new Caran d'Ache ink lies the expertise of a unique savoir-faire: the science of colours.

Vibrant. Deep. Powerful. Sustained. From a bursting red to a radiant purple, from an empyreal turquoise to a fiery orange, Chromatics INKredible Colors impose their noble marks across the entire spectrum of light.

Every inkwell is a prism, playing with the reflections of the light and intensifying the colour that it holds inside. Each personality submits to the caprices of evocative names that entice one inescapably away to voyage and discovery. Beyond their colours, the characters assert themselves through to the tip of the pen, and breathe life into the very page.

The Art of Fine Penmanship is adorned in a colourful finery that vivifies the most beautiful pieces of written work.

- 12 colours
- 50 ml ink bottle, with a hexagonal cap and inkwell
- Ink bottle also available in sets of 6 or 12 colours
- International ink cartridges (6 pieces per pack)

THE ART OF ACCESSORISING

Because genuine elegance is holistic, Caran d'Ache has developed an exclusive range of accessories matched to its collections. In extending its expertise in writing instruments during several generations, the company's craftsmen have not only developed special boxes for Caran d'Ache products but also lines of small leatherware, belts and cufflinks. Design that links form and function, precise choices of materials and shades... Caran d'Ache insists on impeccable quality in all its accessories. Only the most beautiful skins are selected for the small leatherware lines. Caran d'Ache accessories are seductive items created for a very demanding clientele and are daily companions for those who appreciate the pleasures of beautiful writing.

HAUTE MAROQUINERIE

Caran d'Ache wished to create a collection that would match the priceless expertise it has in the art of fine writing.

The subtle play of colours, the silky feel of the interior finishing in nubuck leather, the quality of the calfskin... This is a captivating collection that awakens each of the senses. Like certain jewels, Caran d'Ache writing instruments seem to have a special softness. Pen holder, wallet, card holder, diary and document case becomes articles of ultimate refinement, arousing emotions...

- Calfskin leather
- Nubuck interiors
- Saddle stitching
- Depth and intensity of shades
- Palladium-coated metal parts
- One-year international guarantee from the date of purchase
- Manufactured in Europe

CUFFLINKS

Much admired by discerning clients, the Maison Caran d'Ache declares its intentions by emphasizing this accessory which is not simply a piece of jewellery but a genuine fashion accessory.

The perfect harmony between writing instruments and cufflinks is an expression of ultimate refinement where no details has been left to chance. Choosing a Caran d'Ache writing instrument means choosing the signature of style and prestige. Precious and visually striking, these fashion accessories are an extension of each collection of writing instruments, imbued with the same character and originality.

- Stainless steel

ECRIDOR

The Ecridor collection explores the infinite possibilities of the famous hexagon with highly successful adaptations of the Type 55, Cubrik and Retro lines. The body of each model, produced in stainless steel, carries the Caran d'Ache signature engraved on the mechanism.

SERVICES

Joining the world of Caran d'Ache means choosing to provide guaranteed high-quality service – an undertaking that our company has met every day since 1915. Following up each order, and welcoming and listening to each customer are both particularly important. The expertise inherent in Caran d'Ache products is matched by a range of services that are committed to achieving the highest standards of perfection. Engraving and personalisation, meticulous packaging, an international guarantee, a user instruction manual stamped at the time of purchase, and after-sales service all demonstrate the determination of Caran d'Ache to deliver customer satisfaction through a very selective international network of retailers.

PERSONAL ENGRAVING

Many Caran d'Ache writing instruments can be engraved on request to one of the brand's authorised retailers. The company's craftsmen are careful to create a space reserved for personalised engraving on the side opposite the clip. Here the customer can be very imaginative: a name, a date, or a message make the writing instrument a highly personal object, unique and unmistakable.

CORPORATE GIFTS

The name itself represents a prestigious, educational world and is now a synonym for excellence and creativity. More than simply a brand, the Swiss company has imposed its own style: a "Maison de Haute Ecriture".

With more than 200 writing instruments for both top-of-the-range luxury market and for the office, Caran d'Ache can propose many personalised gifts which are sure to capture attention. If you wish to thank your clients and keep their loyalty, or invigorate your sales team, have a look through our special catalogue and ask us for a quotation.

INTERNATIONAL GUARANTEE

Lovers of handwriting often develop a real attachment to their pens. For this reason, our after-sales technicians do their very best to repair them whenever possible, only replacing them as a last resort. Repairs under guarantee are free of charge and other repairs are only carried out after the client has accepted a cost estimate.

Caran d'Ache writing instruments are inspected and tested at each stage of production. When they leave the Geneva workshops they are in perfect condition and are guaranteed against any manufacturing defects. An international guarantee certificate accompanies each instrument.

HOW TO FILL IN THE GUARANTEE CERTIFICATE?

- Product: product reference
- Date of purchase: month / year
- Finishing: gold, silver, gold-plated, silver-plated, palladium-coated, platinum-coated etc.
- Dealer's stamp: from the retailer

PACKAGING

To meet the needs of our partners and their customers, Caran d'Ache provides easily identifiable packaging for each of our writing instruments with a consistent choice of colours, optimal sizes, designs and top-of-the-range materials. Black cases highlighted with Caran d'Ache logo in hot silver makes a high-quality presentation for all writing instruments reinforcing the brand image carefully preserved over several generations.

- Red shopping bags with black handles (available in 3 sizes)
- Gift pouches with adhesive closure (available in 3 sizes)
- Red or white satin ribbon with embossed logo
- Reversible red and black wrapping paper with logo
