PRECISION SHARPENING TOOLS FOR THE ARTIST

Since 1922, **Möbius+Ruppert**, the manufacture of quality products has always represented both a commitment and a goal. “Made in Germany” really means conceived, designed and produced in Germany. That is the only way we can assure the quality of our many sharpeners down to the smallest details and make sure that we reliably deliver to the highest standards for our customers.

Every year we dream up practical designs, use innovative materials and optimize our processes, constantly searching for new features which will make these familiar activities surprisingly simpler, easier and more ergonomic for the user.

- ◆ Company produced blades offering long service life, corrosion protection, high HRC surface hardness and ideal pencil guidance.
- ◆ Innovative use of a variety of materials.
- ◆ All products are free of contaminants and plasticisers.
